Innovations Session N°9

Successes from women-led agribusinesses in Africa

INNOVATIONS[📶]
SERIES

When farmers own a product brand: **Angelique's Finest**

Made by women | Top quality coffee | 100% Owned by Farmers of
RWASHOSCO

The logo for the Sustainable Agricultural Supply Chains Initiative (INA) consists of the letters 'INA' in a stylized, light green font.

Sustainable Agricultural
Supply Chains Initiative

The logo for the Trace platform features four light green chevrons pointing to the right, followed by the word 'Trace' in a light green sans-serif font.

**A Blockchain
based
Traceability
Digital Tool for
Sustainable
Supply Chains**

STRONG WOMEN

BEHIND A STRONG COFFEE

Bringing to light the role of
women in coffee industry

The PAFO-COLEACP Innovations Series focuses on innovations and successes of African farmer-led businesses and SMEs. These activities are supported by the Fit For Market SPS programme, implemented by COLEACP within the Framework of Development Cooperation between the Organisation of African, Caribbean and Pacific States (OACPS) and the European Union.

Thank you
